**RATEGENIUS OFFERS SPECIAL MILITARY AUTO REFINANCE RATES
THROUGH MILITARY-FOCUSED LENDER**

Austin, TX – Feb. 5, 2008 – RateGenius has added a new military-based lending institution to their auto refinance lender network, offering special financing options for active or retired military personnel and their immediate families. Low interest rates are extended to active or retired members of all military branches – Air Force, Army, Marines, Navy, and Coast Guard, and their families.

“With the changes in our economy lately, finding extra room in your monthly budget has been essential to most people. Our new military-focused lender has allowed us to offer even lower rates to the men and women of our armed forces, who deserve special treatment for all they’ve done for our country,” explains Chris Brown, CEO of RateGenius. “Refinancing your vehicle with a lower interest rate is an easy way to reduce your monthly car payment to offset other unexpected expenses.”

RateGenius makes the auto refinance process easy by offering an online application at www.rategenius.com, or customers can apply over the phone via the company's toll free number, (866) 728-3436. Even if RateGenius cannot meet your needs through its military-focused lender, they strive to match your auto loan criteria with another lender within the company's lender network to find the best solution for each individual situation. RateGenius has partnerships with numerous lending institutions, providing customers with one of the most financially stable and diverse lending networks in the industry. The entire auto refinance process can typically be completed within two days.

“I am ecstatic to write this letter thanking all the rateGenius people who assisted in getting my refinancing done,” says A. Bones, a customer from Buena Park, CA. “It was so fast and easy, I can hardly believe this is done. The savings alone in just finance charges is unbelievable, and with my payment dropping \$150.00 a month, I am elated.”

RateGenius has funded over 42,500 loans since 1999, and is currently serving customers in 40 states.
